## About us

Who  
We  
Are?

Founded in 1999, *Shimuk* is a Project Management Consulting company offering *End to End* project management services covering wide range of projects / sectors: buildings, power, transportation, commercial, institutional, recreational, manufacturing facility, infrastructure, throughout the globe.

At *Shimuk*, we work closely with our valued customers to facilitate implementation of Project Management for increased probability of successful project completion thereby saving on time and cost overruns.

We cover all 'Project Phases' and all 'Project Aspects' as per the understanding and requirement of the owning organization which may include either or all of: Scope, Time & Cost Management; Quality Management; Risk Management; Contract Management; other aspects of the project.

We also provide appropriate training on project management and tools to provide required knowledge and skills to your staff.

As and where required we support by providing suitable staff to manage respective aspects of the project.

## Our Vision

To establish ourselves as leading service provider in the field of Project Management Consulting and Training Services.

## Our Values

**'Ethics'** are the rules or standards governing the conduct of a person or the members of a profession. We follow business **ethics** and expect the same from all our clients and associates.

**'Excellence'** is something in which one excels. We strive to **excel** in our services.

**'Integrity'** is adherence to a strict moral or ethical code.  
We adhere to our **ethics** to **excel** in our services even in rough weathers.
